Optional Benefits

Optional Benefits are designed to help individuals and families further customize their health insurance coverage to meet their specific needs.

Maternity Benefit

The optional Maternity Benefit is designed to help cover the costs for routine pregnancy and delivery. You choose the maximum benefit amount: \$2,500 or \$4,000. The plan will pay up to 50 percent of the maximum benefit during the first year. After the first year, the plan will pay 100 percent of the maximum benefit. To be covered, a pregnancy must begin while the maternity benefits are in effect.

<i>Benefit Amount</i>	<i>Year 1</i>	<i>Year 2 & On</i>
\$2,500	50%	100%
\$4,000	50%	100%

Prescription Drug Card Benefit

The Prescription Drug Card Benefit is designed to help manage the costs of prescription drugs. This option allows you to purchase:

- Generic prescription drugs for a \$20 copay.
- Name-brand drugs for a \$50 copay after a \$250 calendar-year, per person deductible.

(Not available with Basic PlanSM.)

Supplemental Accident Benefit

The optional Supplemental Accident Benefit is designed to provide up-front coverage to individuals and families for unexpected accidents. This option provides up to \$500 of first-dollar benefits for treatment of an injury within 90 days of an accident.

Preferred Provider Organizations (PPO)

Selecting the PPO option (required with Copay PlansSM) on your health insurance plan allows you to significantly lower the premium cost.

If you receive nonemergency services from a provider outside the network, covered expenses will be reduced by 25 percent and subject to an additional deductible amount equal to the calendar-year deductible.

If you are under a Copay PlanSM, office visit expenses outside the network are not eligible for copay benefits.

Term Life Benefit

You may choose an optional decreasing term life insurance benefit for you and your spouse if your spouse is also a covered person under the health policy. The amount of life insurance protection provided for you and your spouse will depend on the primary insured's attained age at the time of death, as shown in the table.

<i>Attained Age of Primary Insured at Death</i>	<i>Primary Insured Benefit Amount</i>	<i>Covered Spouse Benefit Amount*</i>
49 or less	\$30,000	\$15,000
50-59	18,000	9,000
60-64	12,000	6,000

For information on additional Plan Provisions, including Transplant Expense Benefit, Limited Exclusion for AIDS or HIV-Related Disease, Notification Requirements, Preexisting Conditions, General Exclusions, General Limitations, and Other Plan Provisions, read pages 6, 7, and 8.

Provisions That Apply to All Plans

Transplant Expense Benefit

The following types of transplants are eligible for coverage under the Medical Expense Benefits and the Inpatient Hospital, Surgical, Medical Expense Benefits provisions:

Cornea transplants, artery or vein grafts, heart valve grafts, prosthetic tissue replacement, including joint replacements and implantable prosthetic lenses, in connection with cataracts.

Transplants eligible for coverage under the Transplant Expense Benefit are:

Heart, lung, heart/lung, kidney, liver, and bone marrow transplants.

Golden Rule has arranged for certain hospitals around the country (referred to as our "Centers of Excellence") to perform specified transplant services. If you use one of our "Centers of Excellence," the specified transplant will be considered the same as any other illness and will include a transportation and lodging incentive (for a family member) of up to \$5,000. Otherwise, covered expenses related to the transplant will be limited to \$100,000 and one transplant in a 12-month period.

To qualify as a covered expense under the Transplant Expense Benefit, the covered person must be a good candidate and the transplant must not be experimental or investigational. In considering these issues, we consult doctors with expertise in the type of transplant proposed.

The following conditions are eligible for bone marrow transplant coverage:

Allogenic bone marrow transplants (BMT) for treatment of: Hodgkin's lymphoma or non-Hodgkin's lymphoma, severe aplastic anemia, acute lymphocytic and nonlymphocytic leukemia, chronic myelogenous leukemia, severe combined immunodeficiency, Stage III or IV neuroblastoma, myelodysplastic syndrome, Wiskott-Aldrich syndrome, thalassemia major, multiple myeloma, Fanconi's anemia, malignant histiocytic disorders, and juvenile myelomonocytic leukemia.

Autologous bone marrow transplants (ABMT) for treatment of: Hodgkin's lymphoma, non-Hodgkin's lymphoma, acute lymphocytic and nonlymphocytic leukemia, multiple myeloma, testicular cancer, Stage III or IV neuroblastoma, pediatric Ewing's sarcoma and related primitive neuroectodermal tumors, Wilms' tumor, rhabdomyosarcoma, medulloblastoma, astrocytoma, and glioma.

Home Health Care

To qualify for benefits, home health care must be:

- Provided in lieu of medically necessary inpatient care in a hospital or hospice; and
- Provided through a licensed home health care agency.

Covered expenses for home health aide services will be limited to seven visits per week and a lifetime maximum of 365 visits. Registered nurse services will be limited to a lifetime maximum of 1,000 hours.

Hospice Care

To qualify for benefits, a Hospice Care program for a terminally ill covered person must be licensed by the state in which it operates. Benefits for inpatient care in a hospice will be limited to 90 days in a covered person's lifetime. Covered expenses for room and board are limited to the most common semiprivate room rate of the hospital or nursing home with which the hospice is associated. Benefits for outpatient care will be limited to \$1,500 in a covered person's lifetime.

Notification Requirements

You must notify us by phone on or before the day a covered person:

- Begins the fourth day of an inpatient hospitalization; or
- Is evaluated for an organ or tissue transplant.

Failure to comply with Notification Requirements will result in a 20 percent reduction in benefits, to a maximum of \$1,000.

If it is impossible for you to notify us due to **emergency** inpatient hospital admission, you must contact us as soon as reasonably possible.

Our receipt of notification does not guarantee either payment of benefits or the amount of benefits. Eligibility for and payment of benefits are subject to all terms and conditions of the policy.

Preexisting Conditions

Preexisting conditions will not be covered during the first 12 months after an individual becomes a covered person. This exclusion will not apply to conditions which are both: (a) fully disclosed to Golden Rule in the individual's application; and (b) not excluded or limited by our underwriters.

A preexisting condition is an injury or illness: (a) for which a covered person received medical advice or treatment within 24 months prior to the applicable effective date for coverage of the illness or injury; or (b) which manifested symptoms which would cause an ordinarily prudent person to seek diagnosis or treatment within 12 months prior to the applicable effective date for coverage of the illness or injury.

Limited Exclusion for AIDS or HIV-Related Disease

AIDS and HIV-related disease is treated the same as any other illness unless the onset of AIDS or HIV-related disease is: (a) diagnosed before the coverage has been in force for one year; or (b) first manifested before the coverage has been in force for one year. If diagnosed or first manifested before coverage has been in force for one year, AIDS and HIV-related disease claims will never be covered. Details of this limited exclusion are set forth in the policy and certificates.

General Exclusions

No benefits are payable for expenses which:

- Are due to pregnancy (except for complications of pregnancy) or routine newborn care (unless optional coverage is selected).
- Are for routine or preventive care unless provided for in the policy.
- Are incurred while confined primarily for custodial, rehabilitative, or educational care or nursing services.
- Result from employment-related injury or illness if the covered person is insured or is required to be insured, by workers' compensation insurance under applicable state or federal law.

- Are incurred for marriage, family, or child counseling.
- Are for recreational or vocational therapy or rehabilitation.
- Are incurred for services performed by an immediate family member.
- Are not specifically provided for in the policy or incurred while your certificate is not in force.
- Are for any treatment or procedure that either promotes or prevents conception, or prevents childbirth, such as abortion, sterilization, treatment of infertility, or artificial insemination.

Benefits will not be paid for services or supplies that are not medically necessary to the diagnosis or treatment of an illness or injury, as defined in the policy.

General Limitations

- Expenses incurred by a covered person for treatment of tonsils, adenoids, middle ear disorders, hemorrhoids, hernia, or any disorders of the reproductive organs, will not be covered during the covered person's first six months of coverage under the policy. This provision will not apply if treatment is provided on an "emergency" basis. "Emergency" means a medical condition manifesting itself by acute signs or symptoms which could reasonably result in placing a person's life or limb in danger if medical attention is not provided within 24 hours.
- Covered expenses will not include more than what was determined to be the reasonable and customary charge for a service or supply.

- Transplants eligible for coverage under the Transplant Expense Benefit are limited to two transplants in a ten-year period.
- Charges for an assistant surgeon are limited to 20 percent of the primary surgeon's covered fee.
- Covered expenses for surgical treatment of TMJ will be limited to \$10,000 per covered person.
- All diagnoses or treatments of mental disorders, as defined in the policy, including substance abuse will be limited to a lifetime maximum benefit of \$3,000. Covered expenses for outpatient diagnosis or treatment of mental disorders will be further limited to \$50 per visit. As with any other illness or injury, inpatient care which is primarily for educational or rehabilitative care will not be covered.
- Covered outpatient expenses relating to diagnosis or treatment of any spine or back disorders will be limited to a maximum of \$2,000 per calendar year. CAT scan and MRI tests are not subject to this limitation.
- Covered expenses will be limited to no more than a 34-day supply for any one outpatient prescription drug order or refill.

Other Plan Provisions

Effective Date:

For **injuries**, the effective date will be the later of: (a) the requested effective date, if any, shown on the application; or (b) the date upon which the application is actually received by Golden Rule at its Home Office.

The effective date for **illnesses** will be the same as for injuries if you are replacing prior coverage within 62 days of application for this coverage and disclose replacement information on the initial application for insurance. If replacement information is not disclosed on the initial application for insurance, the effective date for illnesses will be the 15th day after the effective date for injuries. Illnesses that begin prior to that 15th day will be treated as a preexisting condition and will not be covered until the individual has been a covered person for 12 months.

Premium:

We may adjust the premium rates from time to time. Premium rates are set by class, and you will not be singled out for a premium change regardless of your health. The policy plan, age and sex of covered persons, type and level of benefits, time the certificate has been in force, and your place of residence are factors that may be used in setting rate classes. Premiums will increase the longer you are insured.

Dependents:

For purposes of this coverage, eligible dependents are your lawful spouse and eligible children. Eligible children must be unmarried, living with and financially dependent on you, and under 19 years of age, or under 23 years of age if attending an accredited college or vocational school on a full-time basis.

Termination of a Covered Person:

A covered person's coverage will terminate on the date that person no longer meets the eligibility requirements, or if the covered person commits fraud or intentional misrepresentation.

Continued Eligibility Requirements:

A covered person's eligibility will cease on the earlier of the date a covered person:

- Enters the armed forces on an active full-time basis;

Provisions That Apply to All Plans (continued)

- Ceases to be a dependent; or
- Becomes insured under an individual plan providing medical or hospital, surgical, or medical services or benefits. (This does not apply to stand-alone cancer-/ICU-/accident-only policies.)

Renewability:

You may renew coverage by paying the premium as it comes due. We may decline renewal only:

- For failure to pay premium; or
- If we decline to renew all certificates just like yours issued to everyone in the state where you are then living.

Underwriting:

Coverage will not be issued as a supplement to other health plans that you may have at the time of application.

Arbitration:

The policy contains an arbitration provision to resolve many claims disputes without litigation. The decision of the arbitrators will be final and binding unless prohibited by your state. There is also a provision that provides for resolution of disputes over medical necessity.

Group -- COB:

If, after coverage is issued, a covered person becomes insured under a group plan, benefits will be determined under the Coordination of Benefits (COB) clause. COB allows two or more plans to work together so that the total amount of all benefits will never be more than 100 percent of covered expenses. COB also takes into account medical coverage under auto insurance contracts.

Medicare -- Carve-Out:

Covered persons who reach the age of Medicare eligibility will be provided an alternative health insurance benefit called "Carve-out." Basically, "Carve-out" pays the difference between what Golden Rule benefits normally would pay and what is paid or payable by Medicare, whether or not the covered person is covered by Medicare.

Complete coverage details are provided in the policy and certificates. In most cases, coverage will be determined by the master policy issued in Illinois and subject to Illinois law.

Limitation:

If, for any reason, Golden Rule declines to issue a certificate or issues a certificate other than a standard certificate as applied for, Golden Rule shall incur no liability under this receipt except to return any premium amount received. Interest will not be paid on premium refunds.

NOTICE TO APPLICANT REGARDING REPLACEMENT OF ACCIDENT AND SICKNESS INSURANCE

If you intend to lapse or otherwise terminate existing insurance and replace it with a new plan from Golden Rule, you should be aware of and seriously consider certain factors that may affect your coverage under the new plan.

1. Full coverage will be provided under the new plan for preexisting health conditions: (a) that are fully disclosed in your application; and (b) for which coverage is not excluded or limited by name or specific description. Other health conditions that you now have may not be immediately or fully covered under the new plan. This could result in a claim for benefits being denied, reduced, or delayed under the new plan, whereas a similar claim might have been payable under your present plan.
2. If after due consideration, you still wish to terminate your present insurance and replace it with new coverage, be certain to truthfully and completely answer all questions on the application concerning your medical and health history. Failure to include all material medical information, correct information regarding the tobacco use of any applicant, or information concerning other health plans may cause the company to deny a future claim and to void your coverage as though it has never been in force. After you have completed the application and before you sign it, reread it carefully. Be certain that all information has been properly recorded.
3. You may wish to secure the advice of your present insurer or its agent regarding the proposed replacement of or addition to your present plan. You should be certain that you understand all the relevant factors involved in replacing or adding to your present coverage.
4. Finally, we recommend that you not terminate your present plan until you are certain that your application for the new plan has been accepted by Golden Rule.
